The „New“ Grand Prix Skeet

Dear Shooting Colleagues,

The Wiesbaden Wurftauben Club once again announces its exciting, annual international Grand Prix two day Skeet tournament.

Compared to previous years, we have made a few adjustments to make the competition not only more exciting by adding two additional "Finals", and also more attractive to lower score shooters.

200 skeet targets will be shot by all competitors in the preliminary rounds.

A Class will have a Final competition.

New for this competition is the last three shooters in A and B Classes also have the opportunity to win a special cash prize. To do this, they will compete in a separate 25 Skeet target competition against the first three shooters in the next lower classes, B and C Class.

If at least 42 shooters participate, the total of all prize money and possible bonuses possible is:

€ 7.500

The communal barbecue evening at the end of the first day of competition has become increasingly popular in recent years. All participants, including one accompanying person, are cordially invited to free food and drink.

Details about the tournament, the schedule and the evening event can be found on the following pages. All information about the tournament is also available at www.wtc-wiesbaden.de.

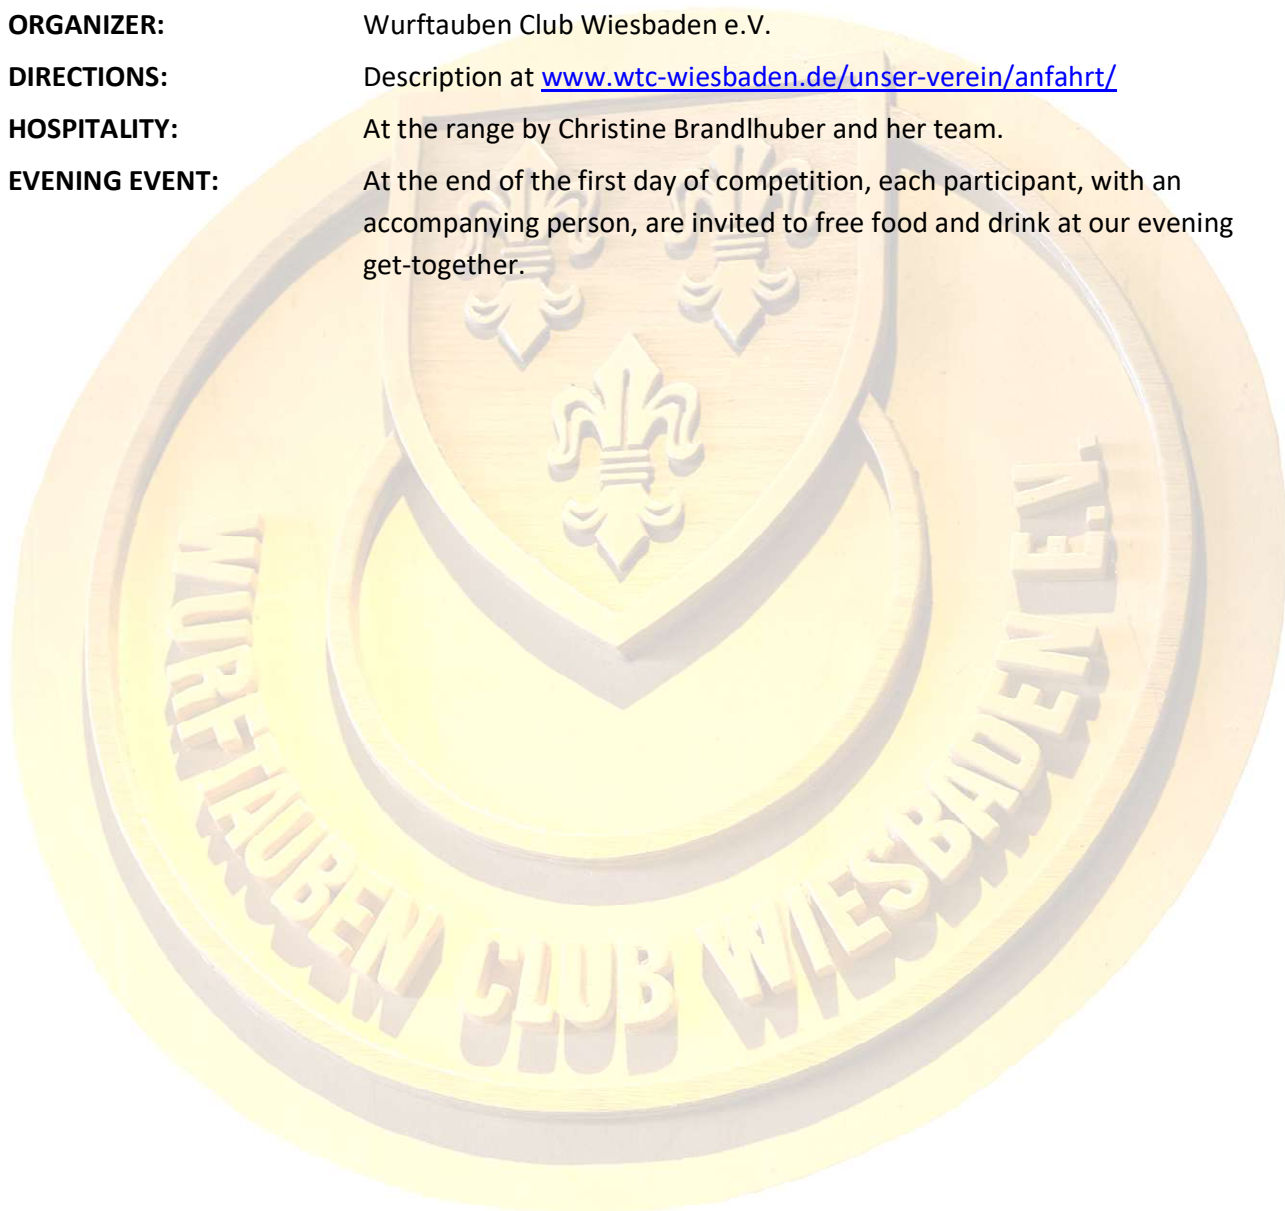

The Wiesbaden Wurftauben Club wish all participants good luck and two days of exciting shooting!
